CRITIQUE**

STAFFORDSHIRE BULL TERRIER CLUB OF WESTERN AUSTRALIA

Firstly, I would like to thank the committee of the western Australia Staffordshire bull terrier club for inviting me to judge at their 32nd championship show. It was an honour and privilege to spend time in your lovely country. A big thank you to Alan Short for the hospitality he showed me and for being my host and showing me around Perth. What a fantastic gentleman he is!! Also a big thank you to Frances Strover, the club secretary for organising all the relative information for me to fly out and judge and for putting up with my late replies to her e-mails!! Also a big thanks to my steward Maddy Selby, she did a fantastic job keeping the ring flowing and keeping everyone in check. I had an amazing entry and found it an experience to judge in the evening out doors and under flood lights, something that I've never experienced before!

On a whole, the quality of Staffords was quite pleasing but I did come across a few mouth and fitness issues however movement and structure was really good. I was quite impressed!!

MINOR PUPPY DOG

1st SHADOWSTAFF MR GREY

Standard little black brindle at just 6 months old correct mouth dark eye neat ears nice terrier shaped head Straight front good length of body nice level top line movement was a little erratic and loose at the rear but will improve as he gets older still a baby a really pleasing puppy would like to see how he develops in a year or so moved ok handled really well.

2nd ARTISINAL CASABLABLA

Standard black & white brindle slightly heavier type than first neat ears dark eye good mouth straight front bit of a hand full for his handler but still a baby very erratic on movement but seen enough to asses him. Another that will improve as he develops moved ok and handled really well.

PUPPY DOG

1st ONAHI ONE TRACK MIND

Black brindle dog going to be a top size dog darkest of eye correct mouth with big white canines pleasing to see this in such a young dog of 7 months old lovely shaped head with the correct blend of bull & terrier with a good length of muzzle neat ears straight front good length of neck that flowed into a level top line nice length of upper arm good length of body not to long or over done in any way lovely angulation which showed in his driving movement which was spot on an excellent example of a well constructed Stafford movement for a young dog was excellent and handling was top draw thank you for bringing him well deserved RCC on the day should go one better as he gets older.

STAFFORDSHIRE BULL TERRIER CLUB OF WESTERN AUSTRALIA

2nd REDLABAL THE KESSEL RUN

Red & white dog of 9 months old pleasing head shape with a dark black mask mouth ok dark eye neat ears good straight front with correct length of neck good level top line good strong angulation at rear nice length of upper arm moved and handled really well.

JUNIOR DOG

1st CASTLEBAR DARK KNIGHT RISES

Black & white brindle dog of good proportion correct bite dark eye neat ears good length of muzzle again with that terrier head shape with just a slight blend of bull not over done in any way straight front nice length of upper arm again good length of neck that flows into the shoulders and onto a level top line would have like him to have seen slightly more angulation at the rear lost out to CC & RCC on movement nothing else moved well excellently handled thank you for bringing him.

2nd AKINOS CREATING A STORM

Black & white brindle dog of more standard type than first dark eye correct mouth slightly stronger head than first good length of neck good length of upper arm level top line nice short coupled body good angulation at rear moved and handled really well.

3rd FORMULABLUZ BROCK ZEROFIVE

Blue & white dog another that I found slightly too heavy than what I was looking for dark eye ears were ok just a bit heavy stronger head shape would have preferred with more length of muzzle nice short coupled body nice straight front moved and handled well.

INTERMEDIATE DOG

1st CH SOLOSTAR ONE LAST DANCE

Black & white brindle correct mouth with big white canines darkest of eye neat ears more of a stronger head than I would preferred lovely straight front correct length of neck that flowed into a lovely level top line with which he held well on the move good angulation at rear and well let down on his hocks that really showed when moving good length of upper arm when putting all the above together when moving he moved across the ring with great drive and purpose movement on the day nothing could match this dog more than worthy of his champion status if I'm totally honest I would have preferred little less of him all over but I could not fault his construction and movement he was a pleasure to judge thank you for bringing him.

STAFFORDSHIRE BULL TERRIER CLUB OF WESTERN AUSTRALIA

2nd CH ORSON DE TESTAFERRO (imp esp)

Black brindle dog again another that I would like to see a little less of strong head shape dark eye neat ears good straight front nice level top line that was held well on the move good angulation at rear a little short in upper arm but moved and handled really well.

3rd SPARTANBLU OCTAVIUS LIGHTNING

Black & white brindle dog standard dog dark eye neat ears mouth correct nice length of neck good level top line good rear angulation would like to see him with a bit more go in him moved and handled well.

STATE BRED DOG

1st CH STAFFEGAN BULLET PROOF

Black & white brindle standard dog a lot heavier than I would prefer dark eye neat ears mouth correct a little short in the neck that made him look shorter than what he really is straight front good top line a little short in the upper arm good angulation at the rear moved ok handled really well.
