### **Dave Lee (UK)**

My Sincere thanks to the officers and committee of The Western Australian Staffordshire Bull Terrier Club for the wonderful invitation to Judge at their 33<sup>rd</sup> Championship Show and guest at the Clubs 7<sup>th</sup> Iris & Alan Short Championship Show. The venue was the superb.

Unfortunately, with the weather expecting to hit the 40 degrees mark it was in the best interests of both dogs and exhibitors and judge's the start of judging was re-arranged to start at 6pm. My sincere thanks to all exhibitors from both days for supporting your breed, your club and us as the appointed Judges, Ms Erica Schelfhorst (Australia) and myself. I wish to extend a special thanks to my Steward for the day Tony, who kept things running smoothly and professionally throughout the evening.

At the Stafford Bull Terrier Clubs Sunday's Championship Show Sunday 10th November, a group of club members were selling, blue cornflower buttonholes. The blue cornflower were being sold in memory of the clubs Patron, the late Iris Short. The blue cornflower is the international flower of hope for Motor Neurone Disease (MND). The cornflower symbolises courage. It can withstand both frost and drought and its strong blue colour never fades no matter what it faces. Like the corn flower people with MND show tremendous courage and strength of character to cope with the most challenging of diseases. In brief, Motor Neurone Disease is the name given to a group of diseases in which the nerve cells (neurons) that control the muscles degenerate. What a wonderful gesture and congratulations to the club and its members for raising much needed Funds for MND.
