### CRITIQUE

Firstly, I would like to thank the members of the SBTCWA for electing me as the officiating Judge for the SBTCWA 8<sup>th</sup> Alan & Iris Short Championship Show and for their entries, I am truly humbled. This was a huge honour. Something many of you may not be aware of is that I started my time in dog showing with the Staffordshire Bull Terrier and have been very closely involved with the breed ever since, they remain and always will be very close to my heart.

### BABY PUPPY DOG

#### 1<sup>st</sup> - AKINOS GOD OF MISCHIEF

Black/brindle puppy with pleasing head shape, a round dark eye, small rose ears, a very tidy front, nice length of neck, level topline with good angulation in the hindquarter, good bone, neat tidy feet which were well padded. A promising young puppy who was well presented and handled. Good luck for the future.

#### 2<sup>nd</sup> - AVONCREST NONCONFORMIST

Black/Brindle puppy placing second as longer in back than the first. He had nice head shape, dark eye with thin rose ears placed high up on the skull, ample bone, level topline, good tail set, neat tidy feet. Well handled and presented. Best of luck for the future.

### PUPPY DOG

#### 1<sup>st</sup> - KELTRICE DECK THE HALLS

Brindle/white. This dog was of a bigger build and overall, too heavy for my preference, he had a nice eye shape, level topline, pump handle tail with satisfactory movement. He had large teeth with a correct bite. Good bone. Handled well.

### JUNIOR DOG

#### 1<sup>st</sup> - BULLITPROOF THE UNDERTAKER

Black brindle dog with a good clean head with good fill under the eye and well pronounced cheek, this was set off with neat ears, dark round eye, clean lip and large white teeth and correct bite. Good bone with a straight front and correct angulation, satisfactory topline with a pump handle tail. Well padded feet and good pigment. He moved well and presented in excellent condition. I was very happy to award this dog as my BEST IN SHOW. I am sure his journey has just begun and will be one to watch in the future.

## STATE BRED DOG

### 1<sup>st</sup> - AKINOS CREATING A STORM

Black brindle dog with a strong head and neat, rose ears. Has a lovely expression with dark round eye and nice clean lip. Straight front and strong rear end complimented by a pump handle tail. Unfortunately, this dog was carrying too much weight and needs to be presented in a fitter condition. Very well handled.

### 2<sup>nd</sup> - WESTVIKING LOCKED N LOADED

Brindle dog with a good strong head, neat rose ears and a correct bite, good underjaw with clean lip. Has a nice expression. He has a straight front and strong rear, pump handle tail. Moved and handled well.

### 3<sup>rd</sup> - KELTRICE WRAPPED IN GOLD

Brindle dog with a strong head, with a correct bite, ears ok but I would have preferred a darker eye. His front was satisfactory, with nice tidy feet, however I would have liked to see a better topline. He was handled well.

## AUST BRED DOG

### 1<sup>st</sup> - FORMULABLUZ SUEDE SHOEZ

Blue/brindle dog with a satisfactory head shape with correct bite and neat ears, would have liked to see a darker eye. I would like to have seen tidier feet. Unfortunately, he did not move well as he really would have preferred to be at home.

## OPEN DOG

### 1<sup>st</sup> - Aust Ch. CASTLEBAR DARK KNIGHT RISES

Black brindle dog with a strong head with neat rose ears, dark round eye, clean lip, large white teeth with correct bite. He has plenty of strength and muscle, making up a good strong front, good rear angulation and well-padded feet. He has good rib alignment, topline was satisfactory. Presented in excellent 'fit' condition and well deserving of RESERVE CHALLENGE DOG.

### 2<sup>nd</sup> - ONAHI ONE TRACK MIND

Black brindle dog with a beautiful expression, strong head with neat rose ears, dark eye, clean lip, large white teeth and correct bite and good underjaw. He had a nice straight front, nice tidy feet, a level topline with correct angulation. He moved well and was presented well. This dog is longer in body than the first hence his placing.

### BABY PUPPY BITCH

#### 1<sup>st</sup> - MITNPOWA SOME KINDOV MONSTER (AI)

Red brindle with good head shape with tidy ears, dark eye, clean lip and good expression. Straight front, nice rear angulation and tidy well-padded feet. Level topline with her body shaping up. Full of sass and wanted to own the ring. Well presented. All the best with her for the future.

#### 2<sup>nd</sup> - AKINOS LADY ELANNA

Black brindle with a good clean head, neat ears, dark eye and nice expression. She has a straight front, nice rear angulation, well-padded tidy feet. Dark pigmentation. Level topline with her body shaping up. Nice tail set. Handled and moved well.

#### 3<sup>rd</sup> - AKINOS SCARLETT

Black brindle with a nice clean head, tidy ears, dark eye. Level topline, but longer in body than first and second, straight front with well-padded tidy feet. Good pigment. Moved and handled well.

#### 4<sup>th</sup> - MITNPOWA WHEREVA I MAY ROAM

Black brindle with good head shape, tidy ears and nice dark eye. Straight front with tidy feet and a level topline. Nice rear angulation. Moved and handled well.

### PUPPY BITCH

#### 1<sup>st</sup> - AVONCREST HELLO GOOD THANKS (AI)

Black/white. Lovely strong head, nice tidy rose ears, dark round eye, correct bite and clean lip. Straight front with good tidy feet, level topline, strong rear and in fit condition. Moved well.

#### 2<sup>nd</sup> - KELTRICE MY FAIR LADY

Black & white. Strong head with neat tidy ears and a dark eye. Correct bite. Straight front and good rear angulation. Overall this bitch was overall too overdone for my preference. Handled well.

### JUNIOR BITCH

#### 1<sup>st</sup> - ONAHI HUNTRESS

Black brindle. Broad skull, pronounced cheek muscles, neat rose ears, dark round eye, short muscular neck. Level topline with straight wide front, well-padded tidy feet. Well boned, well sprung rib. Shoulders well laid back. Unfortunately, she was lame, so it was difficult to assess her movement, but still worthy of her first placing. Beautifully presented and handled. I wish her owner all the best for her future as she is definitely one to watch out for.

#### 2<sup>nd</sup> - FORMULABLUZ BRITE LITE CITY

Blue brindle. Nice head piece. I would like to see a darker eye. Correct bite. Straight front, feet satisfactory but could be tidier. Level topline, moved and handled well.
